| Rated heating output P <sub>nom</sub>                                                                     | kW | 0,4             |
| Maximum continuous heat output P <sub>max,c</sub>                                                         | kW | 0,4             |
| Type of heating output/room temperature control: Single stage heating output, no room temperature control |    | -               |
| Type of heating output/room temperature control: Two or more manual stages, no room temperature control   |    | -               |
| Type of heating output/room temperature control: Room temperature control with mechanical thermostat      |    | -               |
| Type of heating output/room temperature control: With electronic room temperature control                 |    | -               |
| Type of heating output/room temperature control: Electronic room temperature control plus day timer       |    | -               |
| Type of heating output/room temperature control: Electronic room temperature control plus week timer      |    | x               |
| Other control options: Room temperature control with presence detection                                   |    | -               |
| Other control options: Room temperature control with window open detection                                |    | x               |
| Other control options: With distance control option                                                       |    | -               |
| Other control options: With adaptive start control                                                        |    | x               |
| Other control options: With working time limitation                                                       |    | -               |
| Other control options: With black bulb sensor                                                             |    | -               |
