

**Product datasheet: Combination heater to Regulation (EU) No 811/2013 (S.I. 2019 No. 539 / Programme 2)**

|                                                                                                                                         |   | <b>WPL 07 ACS classic compact plus Set 1.1</b> |
|-----------------------------------------------------------------------------------------------------------------------------------------|---|------------------------------------------------|
|                                                                                                                                         |   | 204261                                         |
| Manufacturer                                                                                                                            |   | STIEBEL ELTRON                                 |
| Seasonal space heating energy efficiency under average climate conditions for medium-temperature applications ( $\eta_s$ )              | % | 116                                            |
| Temperature control class                                                                                                               |   | VI                                             |
| Contribution of temperature control to space heating energy efficiency                                                                  | % | 4                                              |
| Space heating energy efficiency of package under average climate conditions                                                             | % | 120                                            |
| Space heating energy efficiency of package under colder climate conditions                                                              | % | 109                                            |
| Space heating energy efficiency of package under warmer climate conditions                                                              | % | 143                                            |
| Value of differential between space heating energy efficiency under average climate conditions and that under colder climate conditions | % | 8                                              |
| Value of differential between space heating energy efficiency under warmer climate conditions and that under average climate conditions | % | 26                                             |
| Space heating energy efficiency class under average climate conditions, medium-temperature applications                                 |   | A+                                             |
| Space heating energy efficiency class of package under average climate conditions                                                       |   | A+                                             |
| Energy efficiency class, DHW heating under average climate conditions                                                                   |   | A                                              |
| Load profile                                                                                                                            |   | L                                              |
