

**Product datasheet: Space heater to Regulation (EU) No 811/2013 (S.I. 2019 No. 539 / Programme 2)**

|                                                                                                                                         |   | <b>HPA-O 13.2 W Plus HC 400</b> |
|-----------------------------------------------------------------------------------------------------------------------------------------|---|---------------------------------|
|                                                                                                                                         |   | 208435                          |
| Manufacturer                                                                                                                            |   | STIEBEL ELTRON                  |
| Seasonal space heating energy efficiency under average climate conditions for low-temperature applications ( $\eta_s$ )                 | % | 193                             |
| Temperature control class                                                                                                               |   | VI                              |
| Contribution of temperature control to space heating energy efficiency                                                                  | % | 4                               |
| Space heating energy efficiency of package under average climate conditions                                                             | % | 161                             |
| Space heating energy efficiency of package under colder climate conditions                                                              | % | 143                             |
| Space heating energy efficiency of package under warmer climate conditions                                                              | % | 184                             |
| Value of differential between space heating energy efficiency under average climate conditions and that under colder climate conditions | % | 18                              |
| Value of differential between space heating energy efficiency under warmer climate conditions and that under average climate conditions | % | 23                              |
| Energy efficiency class, space heating under average climate conditions, low-temperature applications                                   |   | A+++                            |
| Space heating energy efficiency class of package under average climate conditions                                                       |   | A+++                            |
