

**Product datasheet: Space heater to Regulation (EU) No 811/2013 (S.I. 2019 No. 539 / Programme 2)**

|                                                                                                                                         |   | WPL 60 AC dB ANT |
|-----------------------------------------------------------------------------------------------------------------------------------------|---|------------------|
|                                                                                                                                         |   | 235887           |
| Manufacturer                                                                                                                            |   | STIEBEL ELTRON   |
| Seasonal space heating energy efficiency under average climate conditions for low-temperature applications ( $\eta_s$ )                 | % | 170              |
| Temperature control class                                                                                                               |   | VII              |
| Contribution of temperature control to space heating energy efficiency                                                                  | % | 4                |
| Space heating energy efficiency of package under average climate conditions                                                             | % | 140              |
| Space heating energy efficiency of package under colder climate conditions                                                              | % | 124              |
| Space heating energy efficiency of package under warmer climate conditions                                                              | % | 162              |
| Value of differential between space heating energy efficiency under average climate conditions and that under colder climate conditions | % | 16               |
| Value of differential between space heating energy efficiency under warmer climate conditions and that under average climate conditions | % | 22               |
| Energy efficiency class, space heating under average climate conditions, low-temperature applications                                   |   | A++              |
| Space heating energy efficiency class of package under average climate conditions                                                       |   | A++              |
