

ENERGY

STIEBEL ELTRON

HPA-O 3 CS Plus

Icons representing energy efficiency for heating (boiler and radiator) and hot water (tap). A black arrow labeled 'A+' points to the radiator icon.

Energy efficiency scale for heating, showing a radiator icon at the top and a black arrow labeled 'A+' on the right. The scale consists of horizontal bars of increasing length, labeled from top to bottom: A⁺⁺⁺ (green), A⁺⁺ (light green), A⁺ (yellow-green), A (yellow), B (orange-yellow), C (orange), D (red-orange), E (red), F (dark red), and G (red).

Icons representing energy efficiency for solar (solar panel and sun), hot water (water tank), controls (touchscreen), and boiler (boiler unit). Each icon is accompanied by a blue plus sign and a blue square checkbox. The checkbox for the touchscreen icon contains a black 'X'.

Energy efficiency scale for hot water, showing a tap icon at the top. The scale consists of horizontal bars of increasing length, labeled from top to bottom: A⁺⁺⁺ (green), A⁺⁺ (light green), A⁺ (yellow-green), A (yellow), B (orange-yellow), C (orange), D (red-orange), E (red), F (dark red), and G (red).
