| Manufacturer  |   | STIEBEL ELTRON   |
| Seasonal room heating efficiency in moderate climates for average temperature applications ( $\eta_s$ )                                   | % | 131              |
| Temperature controller class  |   | VII              |
| Contribution of temperature controller to room heating energy efficiency  | % | 3.50             |
| Room heating energy efficiency of composite system under moderate climatic conditions   | % | 135              |
| Room heating energy efficiency of composite system under colder climatic conditions   | % | 140              |
| Room heating energy efficiency of composite system under warmer climatic conditions   | % | 135              |
| Value of differential between room heating energy efficiency under moderate climatic conditions and that under colder climatic conditions | % | 5                |
| Value of differential between room heating energy efficiency under warmer climatic conditions and that under moderate climatic conditions | % | 0                |
| Energy efficiency class for central heating in moderate climates for medium temperature applications                                      |   | A++              |
| Room heating energy efficiency class of composite system under moderate climatic conditions   |   | A++              |
