HPA-O 8 CS Plus compact Set

Energy label for heating system components. It shows a boiler icon with an A++ label, a radiator icon with an A++ label, and a tap icon with an A label.

Energy label for a radiator. It features a radiator icon at the top, a vertical bar chart with energy classes A+++ (green) to G (red), and a final A++ label on the right.

Energy label for additional features. It lists four features with their respective energy class indicators: solar panels (+), hot water tank (+), control panel (X), and boiler (+).

Energy label for a tap. It features a tap icon at the top, a vertical bar chart with energy classes A+++ (green) to G (red), and a final A label on the right.
