		ACP 26 S
		202814
Manufacturer		STIEBEL ELTRON
Rated output in cooling mode (P rated)	kW	2,6
Rated power consumption in cooling mode (PEER)	kW	0,9
Rated EER in cooling mode (EER rated)	EER	2,8
Power consumption with temperature control OFF (PTO)	W	1,0
Power consumption, standby state (PSB)	W	0,5
Power consumption per hour (QSD)	kWh	0,9
Sound power level (indoor only) (EN 12102) (LWA)	dB(A)	63
GWP		3
Information on GWP		Refrigerant leakage contributes to climate change. Refrigerant with a lower global warming potential (GWP) would have less impact on global warming than refrigerant with a higher GWP if it escapes into the atmosphere. This appliance contains a liquid refrigerant with a GWP of 675. This means that the effect of 1 kg of this refrigerant escaping into the atmosphere has an impact on global warming that is 675 times higher within a period of 100 years than that of one kilogramme of CO2. Never try to handle the refrigerant or disassemble the product yourself. Always contact a specialist.
